

## THE COURTS YESTERDAY.

**The Ku-Klux Cases.**  
There were no proceedings of any importance in the United States Circuit Court yesterday. The case of Robert T. Higgins was called, but was postponed until to-day on account of the absence of material witnesses for the defense.

In the case of Henry T. Ferguson, of Spartanburg County, the grand jury having failed to find an indictment against him, he was discharged from custody, on motion of D. R. Duncan, Esq.

**United States District Court—In Bankruptcy.**  
In the United States District Court yesterday the following orders were granted by Judge Bryan:

In re the Laurens Railroad Company, bankrupt. Hayne & Son, and Pressley, Lord & Inglesby for creditors. On motion, it was ordered that the resale ordered on the 5th of April be made in the City of Columbia, and that the sum of twenty thousand dollars on the resale be deposited with the assignee, &c.

**Ex parte Hill & Morrell, in re L. A. Bigger.**  
Petition to postpone decree allowing government claim until petitioner can be heard. Bulet & Bulet for petitioners. Prayer of petitioners granted, and in the meantime the assignee to retain all moneys realized from the sale of the bankrupt's estate.

**Ex parte J. E. Bowman, in re D. W. Moore.**  
Petition to establish lien. J. H. Evans for petitioners. Ordered, that it be referred to W. J. Clawson, Esq., registrar, to inquire and report.

**The Inferior Court.**  
Before Judge Lee the following cases were disposed of:

Thomas Slattery, assault with intent to kill, and assault and battery. Verdict, not guilty.  
Robert Hasel and Joseph Brown, grand larceny. Trial fixed for Wednesday.

The seven cases against the county commissioners, of P. C. Miller, M. McLaughlin and E. P. Wall, for official misconduct, were also fixed for trial on Monday next.

Henry Dart, for a public nuisance. Indictment quashed.  
Casper Hart, assault and battery. Verdict, not guilty.

James Laddson, assault with intent to kill, and assault and battery. The case occupied the court up to the hour of adjournment, when it was given to the jury, with instructions to bring in a sealed verdict.

The grand jury found a true bill against M. Collins, for assault and battery, and were granted further time in which to prepare their presentment.

The judge gave notice that on Thursday next the docket would be called peremptorily, and all cases not disposed of would be assigned for trial.

Adjourned at half-past two P. M., until ten o'clock this morning.

**The Court of Common Pleas.**  
Judge Graham presiding, was occupied all day with the case of Hand vs. the Savannah and Charleston Railroad. The argument was entirely upon a preliminary question as to the construction of the contract, and the court did not render a decision.

**SILVER WEDDING.**—We learn from the Deutsche Zeitung, that our esteemed fellow-citizen, Mr. J. C. H. Claussen, celebrated his silver wedding a few days ago.

**THE BRUDERLICHEN BUND.**—At the last meeting of the Bruderschaft the following officers were elected to serve for the ensuing year: D. Werner, president; J. Linebrink, vice-president; Wm. Michels, secretary; J. Heesemant, treasurer; J. C. H. Claussen, Geo. H. Lindstedt, G. W. Steffen, C. Castens, caterer; C. H. Bergmann, librarian.

**MUSIC BY THE BAND.**—The regimental band at the Citadel will give a concert on the Citadel Green this afternoon, from five to half-past six o'clock. On and after the 7th instant, the band will play every Tuesday and Friday during the hours above mentioned. The merits of this band are too well known to need comment, and their playing will doubtless prove most entertaining.

**SERENADE AND SPEECH-MAKING.**—A large Radical gathering took place last evening at the Military Hall, pursuant to call, for the purpose of paying a public compliment to Robert Purvis, of Pennsylvania, now a guest of Lieutenant-Governor Bannister, in this city. The assemblage, composed of military companies, colored firemen and others, marched up with a band of music to the residence of the lieutenant-governor, in Pitt street, where they were addressed by Mr. Purvis and other Radical speakers. The demonstration, which began a little after nine o'clock, was kept up until a late hour.

**UNITED CATHOLIC PICNIC.**—A delightful time is expected to-morrow at the union picnic of all the Catholic Sunday-schools in the city, at the Schutzenplatz. The most complete arrangements have been made for the enjoyment of the little ones, and also for reaching the grounds. A train will leave the Ann street depot of the South Carolina Railroad at 8.30 A. M., and a steamer of the Sullivan's Island line will leave Atlantic wharf at 1 and 3.30 P. M., returning at 2 and 6.30 P. M. The price of admission will be fifty cents for adults and twenty-five cents for children, which amounts include the passenger fares both ways on the railroad. Passengers by the steamer will pay twenty-five cents extra for the round trip.

**CLUBS AND STARS.**—Henry Frost, colored, arrested for raising a row and pitching into a barkeeper in Elliott street, was fined one dollar.

Cesar Lawrence, lodged for being disorderly and hitting the policeman at the corner of Market and Meeting streets, paid up a fine of two dollars.

James Kelly, arrested for assaulting a policeman at the corner of King and Berneford streets, and knocking him down, was fined five dollars.

Anderson Griffiths, a colored youth, lodged for safekeeping at the request of his father, was turned over to the paternal care.

Two unfortunate, whom the effects of liquor stupefied before they reached home, were escorted to the Guardhouse and locked up. One of them paid his fine, and the other, not having the necessary funds, went to the House of Correction for ten days.

**ST. MARK'S FAIR.**—The fair for the benefit of St. Mark's Protestant Episcopal Church was opened last evening, at No. 141 Meeting street, opposite the Charleston Hotel. The hall, a spacious and well ventilated apartment, is beautifully decorated with garlands of evergreens and flowers, and the tables around the walls are spread with a profusion of attractive articles. The usual features of the fair—stand, refreshment tables and amusements—are to be seen, and are conducted with a careful attention to the want and pleasure of the visitors. A fine band of music is in attendance, and enhances the attractiveness of the scene. The fair is under the management of a committee composed of the most respectable of our colored citizens, whose names insure a pleasant reception and every attention to visitors. Its object must commend itself to the public mind, and bespeak a liberal patronage for the effort on the part of the congregation.

## THE FIREMEN'S TOURNAMENT.

**Preparations in Progress—Weighing the Engines.**

A meeting of the committee of arrangements of the Steam Fire Department was held last evening at the hall of Truck, No. 2, in Wentworth street, for the purpose of arranging the details of the coming tournament. The programme of last year's tournament, which had already been adopted, was read over to the meeting, and several suggestions made and incorporated. Among these the arranging of the starting signal was left to the chairman and assistant chief, R. M. Alexander, a change in last year's method having been necessitated by the inability of the time judges at times to see the dropping of the ball from their positions on account of the heavy smoke from the engines. It was also resolved that all men running with an engine must start with it from the starting stand, and that the cover of the fire wheel, which has to be removed by some man running on the engine making the run or hose reel, be replaced by the company leaving the ground.

The Citadel Band will furnish the music during the day of the tournament. Hook and Ladder Companies Nos. 1 and 2 were invited to participate in the parade as an escort. Committees were also appointed to prepare the judges' stands, scaffolds, &c., and to attend to the procuring of three handsome prizes, which will be awarded to the winners on the occasion by John F. Ficken, Esq. The preparations were completed as far as possible, and at a late hour the meeting adjourned.

**Weighing the Engines.**  
The committee appointed to weigh the various steam engines to take part in the tournament reported through their chairman, Mr. O. S. Micaloy, and the complement of men (one to every two hundred pounds) was assigned as follows:

	Weight—lbs.	No. of Men.
Marion	4730	24
Zina	4810	24
Washington	4910	25
Hope	5040	25
Vigilant	5080	25
Pioneer	5180	26
Phoenix	5510	28
Eagle	5580	29
Palmetto	6280	31
Stonewall	6360	32
Young America	6580	33
German	7090	35

An extra man is allowed for every fraction over one hundred pounds. The committee beg leave to return their thanks to the public weigher for weighing the engines without charge.

**OWENS AT THE ACADEMY.**—The sale of seats for Mr. Owens's initial performance this evening, at the Academy of Music, indicates that he will be greeted by an overflowing audience. The bill is an exceedingly attractive one, including "The Poor Gentlemen" and "Solon Shingle," and in this latter character the fame of Mr. Owens is so well known as to require no additional commendation now. Indeed, in all the range of comic delineation, the place of Mr. Owens is settled beyond dispute, and it is admitted that he is entitled to the highest rank of any actor now on the American stage. He has all the jolly, rollicking abandon which years ago made men go wild with laughter over the penitents of Burton, and he is wholly without the coarseness and indelicacy which sometimes marred the acting of the latter. He is always comical, but never clownish, and he has, almost to perfection, that happy faculty of picturing the ludicrous without ever personating the buffoon.

**THE ARTESIAN WELL TROUBS.**—These necessary nuisances are about to be located in a place where the equine working animals and others may experience all the benefits and pleasures arising from the use of the water, and the residents will no longer be annoyed by the din and clamor of talkative drivers and clattering drays. The water is to be conveyed through iron pipes about a foot below the surface of the pavement down Meeting street to Pinckney, and into the latter street to between Anson and Church. The troughs will be located along the south side of Pinckney street, and extend the whole length of the square included between Anson and Church. The work was begun yesterday at the Artesian Well, and the process of laying the pipes has progressed a good distance down Meeting street already. It is expected that the job will be completed during the week. These troughs have long been a thorn in the side of the committee on Artesian Well, who have heard for months the clamors of the residents against the noise and tumult of the troughs and the voices of the draymen exclaiming the relief and convenience afforded their animals. Their complete solution of the problem will, doubtless, procure for them the thanks of all parties interested.

**CRIMES.—May Day to-morrow.**  
The Mills House is to be closed on the first of May (Wednesday).  
The Palmetto Social Club picnic to-day at Blum's farm.  
There will be a regular meeting of City Council this evening.  
An Irish Volunteer Association has been formed in Augusta.  
Strawberries are now abundant in the city market at twenty-five cents per quart—five quarts for one dollar.  
Yesterday the work of laying out the track for the Enterprise Railroad was begun on East Bay, near the Postoffice.  
The Chamber of Commerce have lately secured a valuable supply of maps and charts of the entire seaboard of this country.  
The editors and printers of the Deutsche Zeitung took a holiday on Thursday on account of the Schutzenfest. This morning the paper appears as usual.  
The locomotive precipitated into Savannah River some time since has been raised and repaired, and is again running order, having made her first trip on the 22d instant.  
Messrs. John Thomson & Co., seedsmen, on King street, are now raising some of the most delicious strawberries ever seen in this part of the world. The fruit is of wonderful size, and marvellously sweet in flavor.  
An accidental fire on James Island, last week, destroyed four buildings, including the residence, on the old Legare place. The plantation is worked by Jack Johnson, an old family servant, and a worthy, industrious man, and his loss is heavy.

**Investigation of Three Cases of Accidental Death.**

In the case of Richard Prince, the jury met at the coroner's office yesterday morning pursuant to adjournment, and after hearing the evidence, which corroborated in every particular the account of the affair given in THE NEWS of Wednesday last, returned a verdict of death from accidental drowning. The deceased was drowned last Tuesday afternoon in Ashley River, nearly opposite Colonel William Bull's place, by falling overboard from the yacht Edith.

The body of Ann Rogers, an old colored woman, who had died last Saturday week from injuries received from a fall, and been buried in Potter's Field without the coroner having been notified as required by law, was disinterred, and an inquest held upon it yesterday. The jury found that she had come to her death on the 20th of April, at No. 5 State street, from congestion of the brain caused by injuries received from a fall down the stairs in the yard of the premises, on the 19th of April.

The investigation in the case of James McCarthy, drowned on Tuesday last, about a mile from Fort Ripley, by the capsizing of the yacht Annie, was also concluded. The evidence substantiated the account of the accident as given in THE NEWS of Wednesday, and the jury returned a verdict of death from accidental drowning.
